Barbara was playing for Ernabella. The best players for Yirara were Jillian, Linda, Lauretta and Violet.

The best players on the Ernabella team were Jillian, Milyika, Yipota and Barbara. We won 16 - 13.

Yirara also won the football against Ernabella, 11.12 - 4.5.

Sport cont.

Soccer

Yirara lost to Ramblers 4 - 0. Mr. Prior "started" in goal and Bertie started on the forward line. Special Note: the team greatly missed the services of Micheal and Ernest and would appreciate their participation next week in the match against Mia Pizza.

Basketball

Mens C Grade

On Monday we had training on our court, then when the sun went down Mens C grade team got into the mini-bus and Francis Kelly was in charge and took the blokes into the courts.

We played a hard game and Douglas Wilson got lots of fouls and was giving them free shots.

In the end we only beat Pioneers by one point (26-27) and we were very happy. Mr. Poulson and Mr. Kelly were also happy for our team.

Womens C Grade

This was a bad game as Erica Ross and Barbara Martin were the only ones trying. The other girls were just walking around the court. We lost to Rovers (43-16)

Mens B Grade

Through good team play, Yirara Mens B defeated Rebels Red 33 - 19. The attack was lead by Gregory Sampson and Neville Poulson was very strong in defence.

Womens B Grade

After a slow start the team pulled together and played really well, then more slow play meant they finally lost to Roadrunners by 5 points. Best players were Kathleen, Chris and Suzina.

Remember: Friday is the first night of Junior basketball.

## Honey Bees

On Monday the 9a boys and Mr. Bell walked down to the creek to get some honey bees. When we got there we had to wait for Stanley and Andrew and the other boys who were carrying the ladder, the axe, the saw, a bucket, overalls and gloves. We put the ladder up the tree in a good and safe place where we wouldn't fall.

Jerry was the first one to get up the tree. He started chopping and all of a sudden he saw some honey bees flyign out at him and they started biting him. He threw the axe off and he suddenly jumped down. Stewart made a fire and the smoke just went into the honey bees' home and sent them away, so that we could go up the tree again. Then Simon went up and started chopping but some bees went down his trousers and shirt. Simon got down and he was moving and shaking.

Phillip got Mr. Bell's overalls and went up the ladder and started chopping. After sometime we could see honey in the bucket. We got some honeycomb and we saw some eggs in the honey-comb. We got them all and on the way back we ate some and brought some back to the college. We enjoyed our afternoons work and it was good that we found that the honey in the bush. The honey from the bush is better than the honey from the shops.

## "What I would like to do in my holidays"

After school when we have all left the college and gone home, I would like to get a job in Yuwarli (Housing Association) at Hooker Creek, and make myself some money. Then in about 6 or 7 weeks I'll go up to Darwin with all my friends and we will buy a car for us to travel around in. We would travel to places we've never been to (e.g. Lake Nash, Amata, Ernabella and places around there), and talk to friends who we know come from there and meeting new friends along with old ones. When we've gone to all the places we want to see then we'll get jobs again until the school holidays finish. Then I will come back to Yirara and work on my education until I've done my leaving year.

Story by George Johnson

Kormilda and Dhupuma colleges came for a week. I managed to make a friend, Johnson Roberts, lead guitarist of Dhupuma College. The sports were exciting and the week the best I've had this year. I danced with a lot of girls from Dhupuma and Kormilda and it was exciting and happy too. I have already written a letter to my friend at Kormilda and I am hoping to receive a letter back.

Story by Ronnie Golder

Sid and I break up on the 15th. November and I am hoping to go to Darwin to see my sister and her husband. At Yirara I have made friends with Barry, Willie, George and others. We seem to get on well. I am hoping I'll meet them again in later years. This term I seem to get on well with Mr. Prior. Mr. Mauchline and Miss Lanyon seem to get on well with the students and I hope they stay and help next year, because I think they will be needed. I hope Yirara holds a good future for all students, both young and old.

### The story of Cut and Stuck

On Thursday afternoon I went to the dam and a fish cut my hand,  
On Friday I played the guitar and a string hit my head,  
On Saturday I went to the waterhole and an emu bit my shirt,  
On Sunday one boy ran and stuck his foot in a hole,

### The boy who had an accident

On Saturday a boy from a farm went to do some shopping for his mother and father, they were both old, but they worked hard at the farm. The boy had a bicycle and he went into the city. While the boy was riding on his bicycle a truck came speeding up towards him. He didn't know what to do, the truck came closer and closer, the man in the truck tried to put the brakes on but he couldn't. The boy had an accident and they took him to hospital. He was badly hurt. The boy's mother and father came to the hospital and they were both crying for the boy. The man who was driving the truck was sent to court and then to jail for five days. When the man got out of jail he went to hospital to say "sorry" to the boy.
