HOBBIES ROUNDUP *See Front Cover*

Cooking Group: Miss Henderson.

Wednesday night only few girls went for hobbies! There was only all the Amoonguna girls, we came in and we started to wash our hands and then we were standing around the table. There was meat and bread and also dry ~~duin~~, tomato. The cooking was very good, we made hamburgers and we cut the bread in half and also we made a cup of tea. It was a good finish to hobbies.

Cooking Group: Miss Baker

For our last hobbies night we had a good feed and a nice Christmas party. I liked the pop corn and the creamy cake best. Some girls were very afraid of cooking the popcorn but I was the first girl who made myself popcorn. We all had a nice Christmas party with Miss Baker and a good feed and so did Marina, Barbara and Millie who can't make their own creamy cake. We were singing at the party with Miss Baker's new guitar.

by Lois Nuggett and Millie

Model Cars: Mr. Lister

We had hobbies in a class room. We made model cars. We stuck the pieces together and painted them. I painted my red car yellow and silver.

by Stanley G.

Library Group: Miss Shardlow

My hobbie group was Library. In my group there were only girls, except Miss Shadlows always had her boys with her. We do many things such as reading books and listening to the tape recorder, and few others work on the macromey withone staff helping them. Miss Shardlow was the teacher in charge. I like to be in her group because there are so many exciting books and other things to look at. Next year when we return to Yirara I would like to see it changed so that we can work on different things, such as knitting and crocheting.

Photography: Mr. Prior

We learnt to develop and print photos with Mr. Prior. I was really interested. Some nights we took photos of other students in their hobby groups. One night we went to town. We made books of photos for our trip.

Music Group: Mr. Bell

(1) Every Wednesday night we have hobbies. I like going to the music groups. We learned some music from the shadows. But we didn't learn some songs.

by Larry Emuby

(2) All the boys enjoyed the music and guitars. We used guitars and other instruments, we need more of them. Mr. Bell was a good bloke. Some boys were dancing. Ned was twisting his stomach around pretending he was a girl.

Modelling Group: Mr. Argoon

I enjoy the modelling group work with Mr. Argoon and I made three arcoplanes and Eric Braeden made two arcoplanes and Alfred made two planes and Andrew made one plane and Gregory made two planes.

by Micheal Marshall

Civil Defence Group: Mr. Pitt Lancaster

Civil Defence is not bad and more fun. Some serious things like going under tunnels with smoke all around happened. It was good when we learned how to tie ropes and knots. After when we finish we have a cup of tea and biscuits sometimes and that's good.

by Frankie Curtis.

Crocheting Group: Miss Thompson

On Wednesday nights Iris, Millie, Maria and other girls have a good time at Yanyi's flat eating food while Erica, Enid, Helen, Sandra, Norma and myself were working in Domestic Science room. My crocheting teacher is Miss Thompson and for Sandra and Norma it was Nellie. I liked Miss Thompson teaching the girls and me. Everytime when Erica and I were working quietly Enid always made Helen laugh.

Basketball

Last night Men's C defeated Bloods by eight points. It was a really hard game with scores even nearly all the time. But in a last few minutes Yirara got a few fast breaks which resulted in Harry scoring 6 points and Douglas scoring 2. The whole team played well together although they were slack with rebounds.

Womens basketball

Even though many girls are leaving Yirara is still fielding basketball teams. With 2 C grade girls in the team, Women's B lost to Federals 41 - 16 in a game where they were just too tired to try. Women's C played their best game so far against the top team Rovers to lose 33 - 28. Well done to April, Erica, Jennifer, Barbara and Sandra. Last night Women's C played a hard game against Hellas but lost by 8 points. In the first game Enid played very well.
