COLLECTION

1. People with bad ears must stuff cotton wool plugs in their ears before going swimming - straight after coming out of the water they must clean them out with cotton buds. Please see Jenni, Jim or houseparents for cotton wool and buds.
2. People who are taking tablets must swallow them. Its no use hiding them under your tongue and spitting them in the rubbish bin when Jenni is'nt watching. Unless you come to clinic your ears and eyes will never get better, unless you take your tablets you will never get better.
3. There are a lot of people with ringworm - if you have ringworm come to the clinic, if you don't they will only spread and your friends will catch them too.
4. When you are on an organized outing with a Staff member You may not and must Not wander away: for example if you are at Wigley's you must stay there until the staff member tells you to go.

-
1. I wish all staff and students a very happy Easter. I hope you all celebrate this time of festival in the way that suits your beliefs most adequately.
 2. We are definitely going camping, and you will be pleased to hear that we have been given buses specially for Easter. Enjoy your camping and we will welcome as many staff as wish to come. I have asked houseparents to check that no boys and girls are sleeping together; there will be midnight swag-check.
 3. 80 basketballers will be staying here for 2 nights over Easter; they are coming for the N.T. Easter Carnival. We wish our students and TAs - Garry, Alice, Geoffrey - good luck in the carnival.
 4. The new discipline system starts tomorrow, Good Friday. The first punishments will start next Tuesday.
 5. Open Day is only 2 weeks away. I hope students are helping to prepare for this; It is important that we show our college at its best.
